Foundations of Generative AI Assignment 2

Repository submission details

Student name
Gouri Naik

Registration number
230953086

Assignment title
Foundations of Generative AI (ICT4403) — Assignment 2

Developed system
Autoregressive Next-Word Generation with Recurrent Neural Networks

Dataset
Tiny Shakespeare

Dataset source
https://github.com/karpathy/char-rnn/blob/master/data/tinyshakespeare/input.txt

GitHub repository
https://github.com/gouri-naik/fgai-autoregressive-text-generation

The repository contains the Colab notebook, Python implementation, dataset source, measured results, validation plot, generated text samples, and analysis in the README.
